MATTEO CAVO

Roma, Italia 00128 ▪ matteo.cavo.data@gmail.com ▪ +393517146239 ▪ LinkedIn

Data and Business Intelligence Analyst

Innovative professional with hands-on experience analysing business processes and performance metrics to identify areas for improvement. Expert in gathering, documenting, and validating functional and technical requirements. Skilled in developing reports, dashboards, and visualisations to communicate findings and trends to key stakeholders. Capable of identifying trends, patterns, risks, and opportunities to make well-informed decisions. Demonstrated ability to conduct ad-hoc analyses, forecasting, and scenario modelling to support strategic initiatives.

AREAS OF EXPERTISE

Business Intelligence | Data Quality & Governance | Applied Machine Learning | Exploratory Data Analysis (EDA) | Operational Analytics | Data storytelling & Insight Communication | Data-driven Decision Making | Efficiency Improvement | Analytical Thinking | Communication & Presentation Skills | Statistical Techniques | Feature Engineering

TECHNICAL PROFICIENCIES

Hardware: Standard Enterprise IT Equipment (PC, MAC) | Professional Workstation Environments
Data Analytics & BI: SQL (JOIN, GROUP BY, CTE, Subqueries, Window Functions)
Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn) | Jupyter Notebook (EDA, ML Experimentation, Documentation) | Microsoft Power BI (DAX, Power Query, Data Modelling, Power BI Service) | Microsoft Excel (Advanced formulas, Pivot Tables, Power Query)
Git/GitHub (Version Control, Portfolio Projects)
Cloud & Analytics Platforms: Microsoft Azure (AZ-900, DP-900, AI-900 – In Progress) | Oracle Cloud Infrastructure (OCI) – AI Foundations (In Progress) | Google Data Analytics & Advanced Data Analytics
Machine Learning & Advanced Analytics: Applied Machine Learning (Regression, Classification) | Feature Engineering | Model Evaluation (ROC, Confusion Matrix, MSE)
Web & CMS Technologies: HTML, CSS, PHP | CMS platforms (WordPress & similar)
Creative & Design Tools: Adobe Photoshop | Adobe Illustrator

PROFESSIONAL EXPERIENCE

Nielsen/Gracenote | Amsterdam — 2021 – 2026

Content Operations Co-ordinator, 2021 – 2026

Optimised content discoverability and personalised recommendations by curating descriptors for high-profile international movies and series. Carried out detailed research to enrich media content, artist, and production information for enhanced database completeness. Classified content with precise genres, themes, and relevant tags to augment searchability and recommendation accuracy. Enforced consistent formatting and style guidelines, maintaining database integrity and usability.

- Increased metadata accuracy and database reliability for 500K+ multimedia titles across global platforms (Netflix, Amazon Prime, Disney+, Sky, Mediaset Infinity, RAI) by analysing and updating data structures.
- Reduced processing time and raised cross-border workflow efficiency by streamlining international team operations.
- Maximised internal data quality KPIs by 15% through systematic classification and workflow improvement.
- Enhanced data-driven content strategy and catalogue accuracy by evaluating performance metrics and strengthening metadata quality KPIs across large-scale entertainment libraries.

Editor SVC/VD Europe, 2021 – 2024

Ensured accurate descriptors and video metadata for on-demand catalogues by assessing, designing, and proposing editorial, procedural, and operational solutions. Oversee planning, commissioning, editing, and publication of written and multimedia content. Defined and upheld editorial standards, quality, and regional relevance. Built and sustained relationships with writers, designers, producers, and external content partners.

- Strengthened cross-team collaboration, minimised operational misunderstandings, and maximised output quality by facilitating international communication, sharing best practices, and supporting cross-team problem-solving.
- Enhanced operational excellence and data quality by monitoring metadata accuracy, diagnosing recurring issues, and guiding editors on corrective measures to maintain consistency across large-scale video catalogs.
- Accelerated onboarding and skill development for new hires through structured training on video descriptors, metadata standards, and internal tools while improving training materials and documentation.
- Established a trusted reference for Video Descriptors and Editorial workflows, providing daily operational guidance, best practices, and problem-solving support to European teams.
- Elevated editorial accuracy and efficiency for junior editors by mentoring, ensuring knowledge transfer, and maintaining adherence to internal guidelines.

0101 Music/Maztek| Remote **2008 – 2025**

CEO & Creative Director

Delivered high-quality music production and visual design from concept to final release. Enhanced brand visibility and engagement by leading digital projects and branding campaigns. Represented the company at industry events, conferences, and networking opportunities. Defined and rolled-out long-term corporate vision, mission, and strategic goals.

- Organised 10K+ creative sessions for digital content development including music, graphics, web, and video.
- Elevated audience engagement by managing five social media pages and creating hundreds of innovative posts.
- Received label brand recognition and raised operational performance by creating visual assets, overseeing PR campaigns, co-ordinating international artist and partner relations, and scrutinising data to update key processes.

Sinopia/Other Companies| Rome **2004 – 2010**

Web & Multimedia Designer

Produced multimedia and visual assets emphasising UX and digital engagement. Used skills to enhance data visualisation and convey analytical insights effectively. Spearheaded corporate projects with graphic and web solutions. Collaborated with marketing, development, and content teams to align design with project goals.

- Enhanced user engagement and content accessibility by developing data-driven UX and visual layouts.
- Built and deployed websites using HTML, CMS platforms, and PHP to deliver functional and responsive web solutions.
- Produced logos and graphic assets leveraging Adobe Creative Suite to increase brand identity.

Education & Professional Certifications

Certification in Data Analytics, Cloud & AI, Udemy Business | Present

Academic Diploma in Web & Multimedia Design, Accademia Pantheon, Rome

High School Diploma in Languages, Marherita di Savoia, Rome

Microsoft Power BI Data Analyst Associate (PL-300) – 2026

Google Advanced Data Analytics Certificate, 2026 | Google Data Analytics Certificate, 2026

Microsoft Azure Fundamentals (AZ-900), 2026 | Microsoft Azure Data Fundamentals (DP-900), 2026

Microsoft Azure AI Fundamentals (AI-900), 2026 | Oracle OCI AI Foundations, 2026

Data Projects Portfolio

Streaming Metadata Analytics — KPI engineering and exploratory analysis on a streaming content dataset. Interactive Power BI dashboard with insights on engagement, completion rate, and metadata quality. | *Python · Power BI · Excel*

Streaming Competitive Benchmark — ETL pipeline on TMDB API for competitive benchmarking of 5 streaming platforms across 10+ markets. Dimensional model with original KPIs: Genre Concentration Index, International Exposure, Jaccard Overlap. | *Python · Power BI · DAX · NumPy*

Waste Collection & Urban Refuse Analysis (ISPRA) — Civic data analysis on official ISPRA data (2019–2023). Identification of "structurally virtuous" municipalities improving waste separation while reducing per-capita refuse. | *Python · Power BI · DAX*
